MIFA 9

Igniting Excellence, Electrically

★ WESTSTAR MAXUS

★ WESTSTAR MAXUS

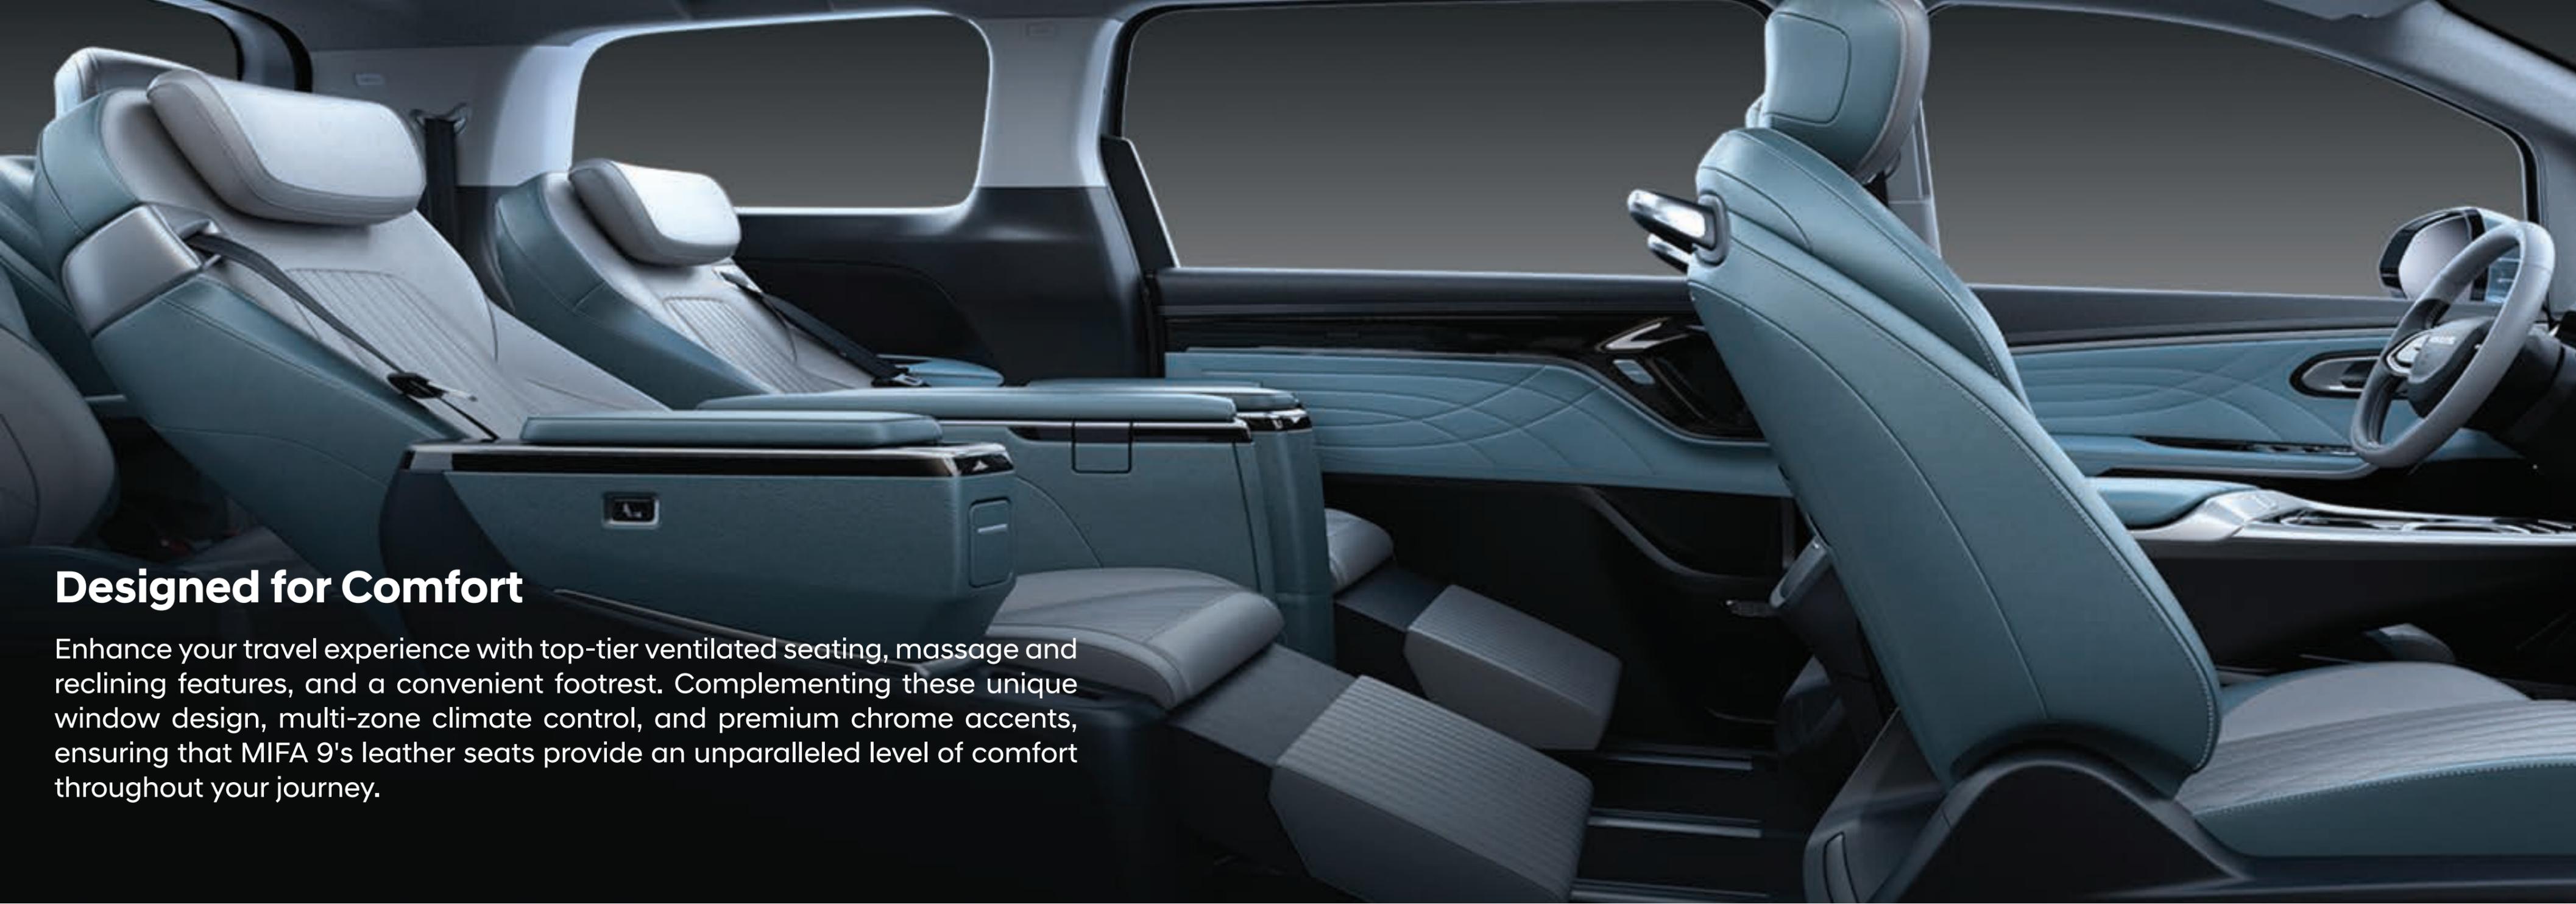

Embarking on a new era of Opulent Mobility, the MIFA 9 leads the way as the inaugural premium fully electric MPV to grace the roads. With a generous 7-seat configuration, it boasts an impressive single-charge range of 435 kilometers, solidifying its position as the leader in extended travel. Beneath its stylish and aerodynamic facade, you will discover a host of intelligent comfort amenities and cutting-edge safety technologies, ensuring that every passenger, whether they are family, friends, business associates, or clients, can look forward to a smooth and secure journey on every excursion.

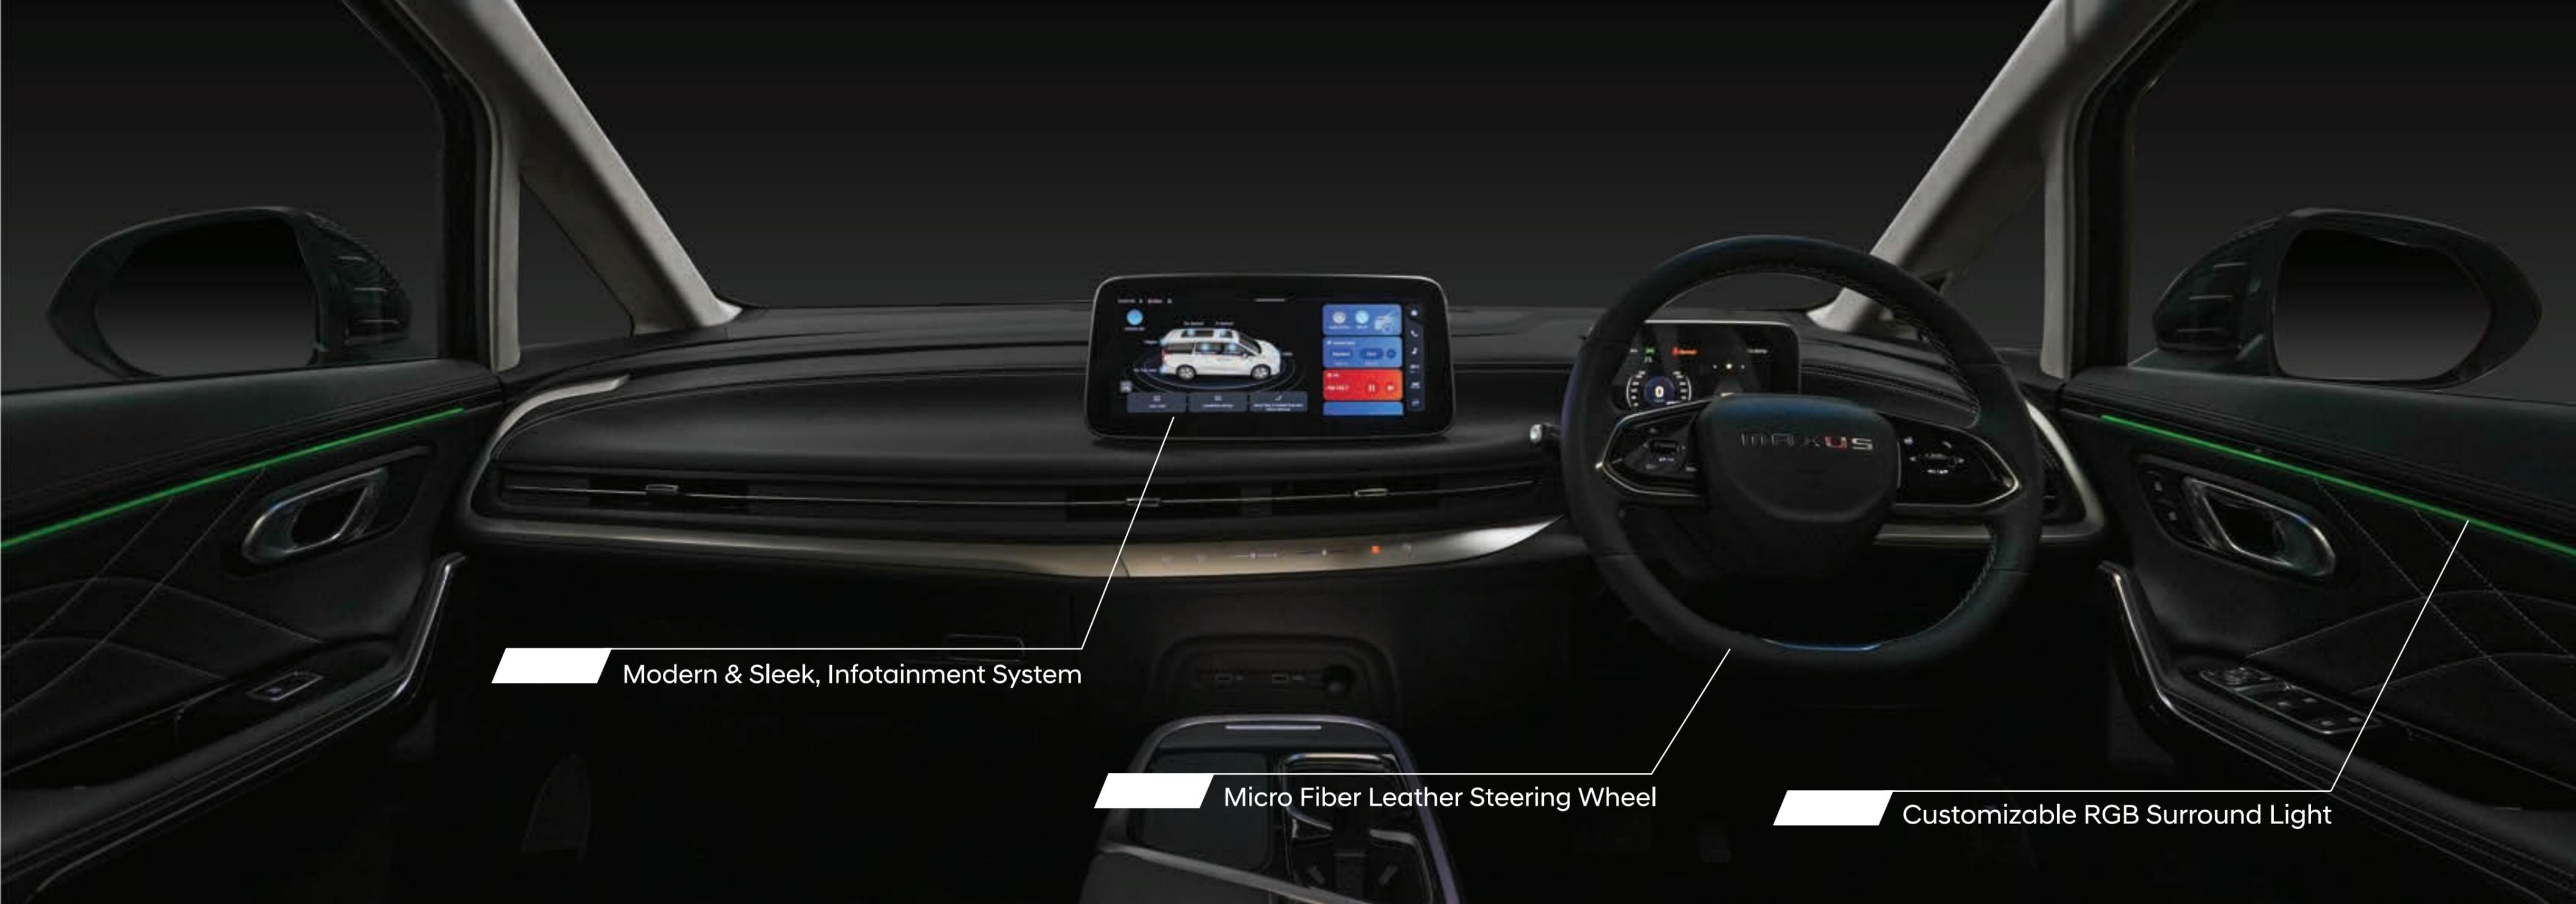

The Maxus MIFA 9

Introducing 'The First Fully Electric Luxury MPV' in Malaysia, a groundbreaking automotive masterpiece designed to redefine the way Malaysians experience sustainable, luxurious, and technologically advanced mobility.

Designed for Comfort

Enhance your travel experience with top-tier ventilated seating, massage and reclining features, and a convenient footrest. Complementing these unique window design, multi-zone climate control, and premium chrome accents, ensuring that MIFA 9's leather seats provide an unparalleled level of comfort throughout your journey.

Modern & Sleek, Infotainment System

Micro Fiber Leather Steering Wheel

Customizable RGB Surround Light

Stay charged without cords. Our wireless charging port keeps your devices powered up effortlessly, so you can stay connected on the go, hassle-free.

Navigate everything from sound and comfort, to driver aid and information via the seamless infotainment screen.

The MIFA 9 Premium features first class seats with 8-way electric adjustable, massage, ventilation, and reclining functions all controlled on a touch screen with memory settings.

Elevate your journey with the MIFA 9's first-class seats. These plush leather seats offer a range of features, including ventilation, massage, recline, and footrest options. The large windows and multi-zone climate control, along with high-end chrome finishing, complement the luxurious leather seats for an incredibly comfortable ride. Additionally, the MIFA 9 boasts electrically adjustable seats with heating and cooling, massage functions, and easy reclining via a touchscreen with memory settings. Plus, an aircraft-style tray table in the armrest adds practicality, making it a convenient surface for passengers to use during their journey.

Making Room For More

With configurable rear seats and an electric tailgate, loading luggage or shopping bags is a breeze.

The vehicle boasts ample of storage capacity, allowing you to transport up to four suitcases with ease, while still providing comfortable seating for 6 to 7 passengers. The rear seats are also conveniently foldable, offering flexible space options to cater to your varying needs.

Experience The Future Of Luxury

A vehicle that seamlessly combines state-of-the-art technology, exquisite craftsmanship, and unparalleled comfort. The MIFA 9 represents a bold step forward in the automotive industry, featuring innovative design, advanced electric propulsion, and a host of luxurious amenities.

Full LED Headlights

With its dynamic, clean LED headlights and daytime running lights, the MIFA 9 is instantly recognizable and commands attention.

Full LED Taillights

The epitome of modern elegance taillights design. A harmonious blend of style and superior illumination, redefining your vision on the road.

Safety Sytem

Discover the MIFA 9 Safety System, a comprehensive shield that prioritizes your well-being on the road. With adaptive cruise control for effortless speed management, lane keeping assist to maintain proper lane alignment, and blind spot monitoring for added awareness, the MIFA 9 ensures your journey remains safe and secure. The forward collision warning system acts as a vigilant companion, alerting you to potential hazards ahead. With these advanced safety features, the MIFA 9 offers a level of protection and peace of mind that redefines your driving experience.

Autonomous Emergency Braking

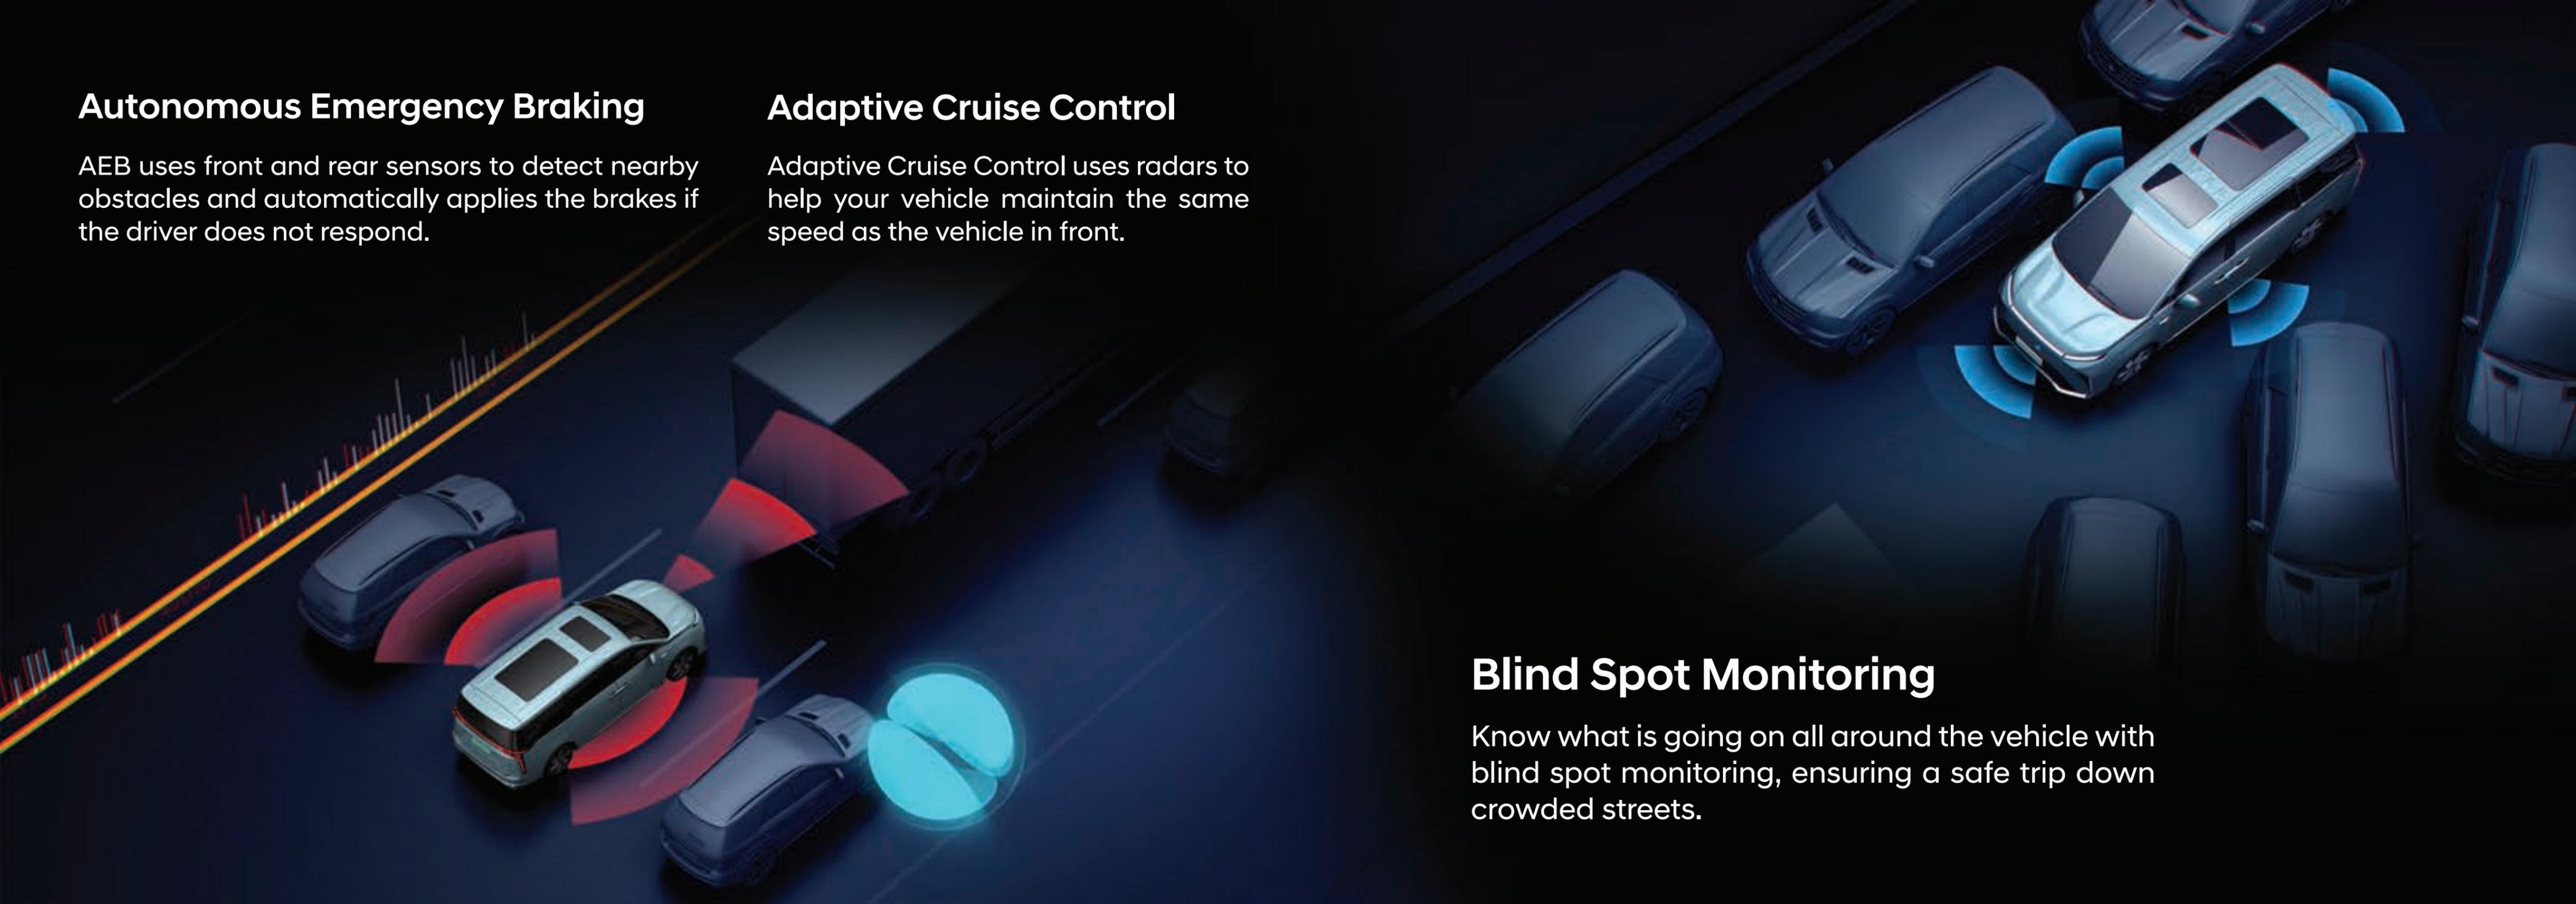

AEB uses front and rear sensors to detect nearby obstacles and automatically applies the brakes if the driver does not respond.

Adaptive Cruise Control

Adaptive Cruise Control uses radars to help your vehicle maintain the same speed as the vehicle in front.

Blind Spot Monitoring

Know what is going on all around the vehicle with blind spot monitoring, ensuring a safe trip down crowded streets.
